

Dear Friends and Ministry Partners,

Warm greetings in the name of Jesus. As this year comes to a close, we want to take a moment to celebrate God's faithfulness and to thank you for the incredible impact you are making in the lives of young men and women in West Kalimantan, Indonesia.

Because of your generosity, students from remote villages — many of whom are the first in their families to pursue higher education — are now being trained to become compassionate, competent nurses who will serve their communities with skill and Christ-centered care. Your partnership is not only changing their futures, but also expanding the Kingdom of God through healthcare ministry.

This year, several students received scholarships that lifted the financial burden from their families and enabled them to continue their nursing education. For many, this was the difference between continuing school or being forced to drop out. Your support is fueling hope, dignity, and long-term transformation.

We hope you will enjoy the pictures and also words of gratitude translated directly from two of our scholarship recipients and their families. Their joy and thanks says more than we ever could.

“Thank you so much for the scholarship given to me through WorldVenture. Because of this scholarship, I have been greatly helped, especially with my tuition fees. May God bless everyone who has made this scholarship possible. Thank you, and may the Lord Jesus bless you.”

Ivan Kristian

My parents and I would like to express our deepest gratitude to you, the donors who have given me this scholarship. May God return every kindness you have shown to us.

The scholarship you provided has greatly helped me and my family. It is not only financial support for my studies, but also a source of motivation, encouragement, opportunity, and strength to keep striving for my dreams. It has reduced a lot of the pressure I feel regarding my education, especially this fifth semester.

We sincerely thank you for your generosity and commitment. We pray that one day I will be able to become someone who is a blessing to others, just as you have blessed me. I will do my best to make use of this opportunity.”

— Friska Yoga and parents

Your giving is doing more than paying tuition. You are:

- Strengthening the Christian nursing workforce in rural Indonesia
- Helping families who never dreamed their children could pursue higher education
- Advancing the gospel through compassionate healthcare

Your gift has already changed lives. Would you consider giving again so more students can pursue nursing training and serve their communities? Your continued generosity opens doors for young men and women who long to serve God and their communities through healthcare.

On behalf of our students, their families, and our entire ministry team — thank you. We could not do this without you. May God richly bless you for investing in the next generation of healthcare leaders and disciple-makers.

With gratitude,

Calista Yates
